

# Real World Dobro - Will The Circle Be Unbroken

Here's a nice easy tune that's called off at jam sessions everywhere!

This is a "Real World" dobro lesson, so there won't be any TAB, you'll just play along like you were at a real jam session!

The chords are the same for the verse, chorus, and solo sections, so you don't have to worry about which part of the song you're on. During the singing parts, play pads, chops, or fills. If no one is singing, it's time to solo! The dobro plays the intro and solos after each chorus, so you'll have plenty of chances to try different solos. The intro is just one time through the melody, it's kind of a simple solo.

All you need to play this song is the G major scale, and G, C, and D chords!

Big thanks to Rachael Davis for her exceptional vocals!

Watch the video for ideas, but the best practice will be with the audio play-along track.

Here are the chord changes, good luck!
